Add whole life insurance based on your needs

Whole Life Insurance is an individual life insurance policy that pays a benefit to your beneficiary if you pass away. Your premium payments will stay the same for the life of the policy, as long as you meet the required premium payments. Plus, the policy builds cash value, which you can borrow against. Any unpaid loan would be subtracted from the benefit that is paid to your beneficiary. You may choose up to the following amount(s):

Coverage Amount	
 For you	\$10,000, \$20,000 or \$30,000 15 through 70 years.
 Your spouse	\$10,000, \$20,000 or \$30,000 15 through 70 years. If both you and your spouse are employees, you may elect to be covered with an employee or a spouse policy, but not both. Each person can only be covered by one policy.

Note: A state-specific life insurance application needs to be completed and submitted for any amount of coverage.

- For you – You may elect up to \$30,000 without answering health questions.
- For your spouse*—You may elect up to \$30,000 of life insurance on your spouse without answering health questions.
