

Specialized Online Will Preparation, offered by Voya Employee Benefits

Introducing Will Prep, through Everest Funeral Planning and Concierge

Voya Employee Benefits offers products to help reduce the financial stress associated with life-disrupting events. We're proud to offer Will Prep through Everest, one more way employees can protect their families. With Will Prep, employees have online access to the tools they'll need to create:

How it Works:

Will Prep is an online tool that helps employees create specialized legal documents. The tool asks users a series of questions, each with helpful explanations and examples to guide them through the process.

Based on employee responses, the system drafts and tailors the required clauses to create a document suitable for the employee's circumstances.

After the document is created, it can be saved for easy access so changes can be made whenever the employee would like.

A will is a valuable piece of financial planning for the future. Will Prep is just one more way Voya has employees covered.

Getting Started
