

## Critical Illness Insurance\*

# Meet Mike

Mike hadn't expected to have a heart attack in his early forties but when he did, he was grateful he had Critical Illness Insurance.

Mike thought he was in pretty good health. He felt he was able to offset sitting 40 hours a week by eating fairly well, getting enough sleep and taking regular walks around his neighborhood. That's why having a heart attack just three months after his 42nd birthday came as a shock. While Mike is expected to make a full recovery, his recuperation could have been more challenging had it not been for the benefit paid by his Critical Illness Insurance.

## Mike's expenses over two months:
