There are more than just medical bills to pay after a heart attack, stroke, or other unexpected covered medical condition. Critical Illness Insurance provides a benefit payment that can help. This document includes expanded cost and benefit information for Critical Illness Insurance. As you explore, keep in mind:

No medical questions or tests are required for coverage.

Employees get an annual Wellness Benefit of \$75 for completing an eligible health screening test.

Benefit payments go directly to you. Use them however you'd like!

Critical Illness Insurance doesn't replace your medical coverage; instead, it complements it. **The benefit** payments don't go out to pay for medical bills or treatments you may need, instead they come in—directly to you—to be used however you'd like. Choose this supplemental health insurance product for added protection if one of the following covered conditions comes your way.

Critical Illness Insurance is a limited benefit policy. It is not health insurance, and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

^{***} Diagnosis of a severe infectious disease by a Doctor, including COVID-19, when a diagnosis occurs on or after the group's coverage effective date; AND Confinement to a Hospital for 5 or more consecutive days, or in a transitional facility for 14 or more consecutive days.

^{*} A sudden cardiac arrest is not in itself considered a heart attack.

** Major organ transplant means the irreversible failure of your heart, lung, pancreas, entire kidney or liver, or any combination thereof, determined by a physician specialized in care of the involved organ.

Benefits for insured children

In addition to the covered conditions mentioned above, coverage for your insured children includes:

Covered Condition	% of Benefit
Cerebral palsy	100%
Congenital birth defects	100%
Cystic fibrosis	100%
Down syndrome	100%
Gaucher disease, type II or III	100%
Infantile Tay-Sachs	100%
Niemann-Pick disease	100%
Pompe disease	100%
Type IV glycogen storage disease	100%

Multiple benefit payments

You may receive a benefit payment up to 100% of the Critical Illness benefit amount for each different diagnosis, up to the total maximum benefit. (A definition of "different diagnosis" is provided in the certificate of coverage).

Total maximum benefit: The total maximum benefit amount is 2 times the Critical Illness benefit amount for each covered condition. Once the total maximum benefit for a covered condition has been paid, no further benefits are payable for that same covered condition.

What else is included?

The Critical Illness Insurance available through your employer includes the following additional benefits:

Wellness Benefit

Complete an eligible health screening test, and we'll send you a benefit payment to use however you'd like.

- Employees receive an annual benefit payment of \$75.
- Spouses receive an annual benefit payment of \$75.
- Children receive 50% of your benefit amount per child, with an annual maximum of \$150 for all children.

Exclusions and limitations

Exclusions and limitations vary by state and by your employer's plan. Please review your certificate of coverage for details.
