

Hospital Indemnity Insurance

Help minimize the financial impact that can come with a stay in a hospital or medical facility

What is it?

Hospital Indemnity Insurance pays a fixed daily benefit if you have a covered stay in a hospital, critical care unit or rehabilitation facility. Hospital Indemnity Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Who can be covered?

You have the option to enroll yourself as well as your spouse* and children** in Hospital Indemnity Insurance coverage to meet your needs.

* The use of "spouse" in this document means a person insured as a spouse as described in the certificate of insurance or rider. This may include domestic partners or civil union partners as defined by the group policy.

** The definition of "child" may vary by state. Please contact your employer for more information.

Why should I consider it?

Use your paid benefit for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles, groceries, gas, utilities and more – it's up to you.

Coverage is always guaranteed issue.

Your coverage can go with you if you leave your employer or retire, and you'll be billed directly.

For a complete description of your available benefits, exclusions and limitations, see your certificate of insurance and any riders
