

Accident Insurance

Help minimize the financial impact that can come with an accidental injury

What is it?

Accident Insurance pays you benefits for specific injuries and events resulting from a covered accident. Accident Insurance is a limited benefit policy. It is not health insurance, and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Who can be covered?

You have the option to enroll yourself as well as your spouse* and children* in Accident Insurance coverage to meet your needs.

*Employees must be enrolled in order to elect coverage for eligible spouse and eligible dependent children as defined in the Certificate of Coverage and Riders.

Why should I consider it?

Benefits will be paid directly to you to use for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles, groceries, gas, utilities and more – it's up to you.

Coverage is always guaranteed issue.

You can choose to take this coverage with you if you leave your employer or retire, and you'll be billed at the same rates via direct billing

How much does it cost?

This table shows your rates for Accident Insurance.

Monthly Rates (Low Plan)			
Employee	Employee and Spouse	Employee and Children	Family
\$3.83	\$6.56	\$7.67	\$10.40

Monthly Rates (High Plan)			
Employee	Employee and Spouse	Employee and Children	Family
\$5.05	\$8.28	\$10.40	\$13.63

When is my coverage effective?

January 1 following date of enrollment

Your coverage becomes effective on January 1 following the election of coverage. Coverage for your spouse and/or children becomes effective on the same date as your coverage.

For new hires, after the initial enrollment period, please refer to the certificate of insurance to learn when your coverage will become effective.

What kinds of injuries and treatments does it cover?

Your Accident Insurance coverage is always guaranteed issue, and it provides a benefit payment after a covered accident outside of work that results in specific injuries and treatments. You may be required to seek care for your injury within a set amount of time. The following list presents the benefits provided by Accident Insurance. State variations may apply. For a complete description of your available benefits, see your certificate of insurance and any riders.

¹ Laceration benefits are a total of all lacerations per accident. Payable once per covered accident. If your injury qualifies as both a laceration and puncture wound, only one benefit in the higher amount will be payable.

² Complete separated joint that does not require a surgical repair. If you receive more than one dislocation in the same covered accident, a benefit is payable for all dislocations. However, the benefit amount will be no more than two times the benefit amount for the joint involved which pays the highest benefit amount. Other limitations and maximums may apply.

³ Completely separated joint that requires surgical repair. If you receive more than one dislocation in the same covered accident, a benefit is payable for all dislocations. However, the benefit amount will be no more than two times the benefit amount for the joint involved which pays the highest benefit amount. Other limitations and maximums may apply.

⁴ Fracture that does not require a surgical repair. If you receive more than one fracture in a covered accident, a benefit is payable for all fractures. However, the benefit will be no more than two times the benefit amount listed for the bone which pays the highest benefit amount.

⁵ Fracture that does require surgical repair. If the doctor diagnoses the fracture as a chip fracture, the benefit will be reduced to a percentage of what would have been paid for a Non-Surgical Repair Fracture of the same bone. If you receive more than one fracture in a covered accident, a benefit is payable for all fractures. However, the benefit will be no more than two times the benefit amount listed for the bone which pays the highest benefit amount.
