How does it work?

Hospital Indemnity Insurance pays a benefit for an eligible confinement or other covered loss that occurs on or after your coverage effective date and subject to any exclusions in your Certificate. The following is a summary of the benefits provided by Hospital Indemnity Insurance. For a list of standard exclusions and limitations, go to the end of this document. For a complete description of your available benefits, exclusions and limitations, see your certificate of insurance and any riders. The coverage amounts are listed below.

You can elect coverage under the low or high plan.

The admission and daily confinement benefit amounts depend on the type of facility and the number of days of confinement. Only one type of confinement or admission benefit is payable per day. Any combination of confinement and admission benefits payable will not exceed a total of 77 days during a period of confinement.

When your stay begins

When you are admitted to a covered medical facility, you become eligible for an admission benefit for the first day of confinement. This benefit is payable once per confinement, up to a maximum of 8 admissions per calendar year:

Type of Admission	Benefit Amount – Low Plan	Benefit Amount – High Plan
Hospital Admission	\$1,500	\$2,500
Critical Care Unit (CCU) Admission	\$1,500	\$2,500

As your stay continues

Beginning on day 2 of your confinement, for each day that you stay in a covered facility, you'll be eligible for a fixed daily benefit payment. The benefit amount and maximum number of days per confinement varies by facility:

Type of Facility	Daily Benefit Low Plan	Daily Benefit High Plan
Hospital confinement (1 x the daily benefit amount, up to 30 days maximum per confinement)	\$175	\$275
Critical Care Unit (CCU) confinement (1 x the daily benefit amount, up to 15 days maximum per confinement)	\$300	\$500
Rehabilitation Facility confinement (1 x of the daily benefit amount, up to 30 days maximum per confinement)	\$75	\$125
Observation Unit		
At least 4 consecutive hours but less than 20 consecutive hours, other than as an inpatient. Not payable for any day that a facility confinement or admission benefit is payable.	\$750	\$750

If you add a child to your family

Hospital Indemnity Insurance benefits are available if you have employee or spouse coverage and the insured employee or spouse is hospitalized for childbirth. In addition, your newborn children may be covered as well. See below for more details and for a complete description of your available benefits, exclusions and limitations, see your certificate of insurance and any riders.

If child coverage is effective before the child is born

- Benefits will apply just as they would for any other child.

If child coverage is NOT effective before the child is born

- A one-time benefit of \$100 is payable for the newborn child's confinement due to birth. No admission benefit is payable.

What else is included?

The Hospital Indemnity Insurance available through your employer also features the following additional benefits. For a complete description of your benefits, along with applicable provisions, conditions on benefit determination, exclusions and limitations, see your certificate of insurance and any riders.

Keep coverage during a leave of absence

Take your coverage with you

Portability

If you are in a situation where you will lose eligibility for benefits, such as reduced hours, termination or a life event such as divorce, you may want to continue your insurance coverage. Portability allows you to continue your coverage under the same group policy by paying your premiums directly to the insurance company.
