

Help minimize the financial impact that can come with a stay in a hospital or medical facility

What is it?

Hospital Indemnity Insurance pays a fixed daily benefit if you have a covered stay in a hospital, critical care unit or rehabilitation facility. A covered hospital stay can include when you are admitted to the hospital for an injury, illness, mental health and substance use care or to give birth to a baby. Hospital Indemnity Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Who can be covered?

You have the option to enroll yourself as well as your spouse* and children* in Hospital Indemnity Insurance coverage to meet your needs.

* Employees must be enrolled in order to elect coverage for eligible spouse and eligible dependent children as defined in the Certificate of Coverage and Riders.

Why should I consider it?

 Use your paid benefit for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles, groceries, gas, utilities and more – it's up to you.

 Coverage is always guaranteed issue.

 You can choose to take this coverage with you if you leave your employer or retire, and you'll be billed at the same rates via direct billing

For a complete description of your available benefits, exclusions and limitations, see your certificate of insurance and any riders.
